

# BECOME AN ARIS CERTIFIED RISK & COMPLIANCE MANAGER

## Earn the recognition you deserve

Are you the kind of person who doesn't stop at merely performing your daily tasks? Do you continue to expand your knowledge to be the best you can be? Then acquiring Software AG's ARIS Risk & Compliance Manager (ARCM) Certification is the next essential step in your career. You can register online for the test at: [www.softwareag.com/certification](http://www.softwareag.com/certification)

## Objectives and benefits

Software AG is the global leader in business processes, integration and big data. Our more than 40 years of innovation include the invention of:

- The first business process analysis platform, ARIS
- The first high-performance transactional database, Adabas
- The first B2B server and SOA-based integration platform, webMethods
- Pioneering big data technology and streaming analytics solutions

You can leverage the opportunities created by the four forces of mobile, social, cloud and big data with Software AG's Digital Business Platform of tightly integrated products for business process & IT transformation, analytics & decisions, process, integration and in-memory data.

The Software AG Certification Program establishes a standard of knowledge and skills necessary to successfully set-up, customize and drive business process excellence projects with Software AG technology. All certifications offered by Software AG attest to a high level of proficiency as a process expert.

Benefits of achieving the ARCM certification are:

- Industry recognition of your knowledge and proficiency
- Validation of your expertise and skills to your employer
- Ability to apply for future job opportunities
- Logo and certificate to identify you as a Software AG Certified Professional
- Best way to prepare for the test

## Test structure

The certification test is practice-oriented and simulates situations typical for risk and compliance management. It tests your ARCM knowledge in all areas that are important for usage, customization and management of your ARIS risk and compliance environment.

The ARCM certification is Web-based and carried out as a multiple-choice test. This proctored examination is designed for the experienced ARCM user. It consists of about 50 multiple choice questions, covering a range of ARCM topics. To pass the test and receive certification, you must score 66% within 120 minutes.
